Capabilities Statement

Sustainable Solutions We **SELL** recycled and virgin plastic resin and **PURCHASE** plastic scrap to recycle and repurpose to enhance your bottom line.

Material Solutions/Differentiators

- Diversify Your Plastic Supply** Seaman Group Plastics provides a diverse culture as a certified Women's Business Enterprise that will complement your diversity initiatives.
- Get Connected** Our leadership holds decades of experience in plastic supply chain management. Our difference comes in the skilled alignment of our robust network.
- Optimize Sustainability** As an environmentally conscientious plastic distributor, we promote material solutions that support a reduction in unused plastic scrap.
- Gain Start-to-Finish Expertise** We have technical experience at every level of plastic material processing. Our practical knowledge offers a unique support system to keep your operation running efficiently.
